FOR IMMEDIATE RELEASE

### **CBSA 62nd Annual Convention Registration Strongest in Years**

OVERLAND PARK, Kans. – The Copper and Brass Servicer Association, the only trade association committed solely to advancing the copper and copper alloy mill products distribution industry, announced today registration for its 62nd Annual Convention is on target to be the association's highest attended event since 2007.

A beautiful locale, energized agenda and packed speakers lineup are attributed to this year's strong registration. Scheduled for April 10–12 in Amelia Island, Florida, CBSA's Annual Convention offers attendees invaluable networking, education and training through its Members Forums, Business Sessions and Panel Discussions along with numerous receptions, dinners and optional events. "CBSA's Annual Convention is a productive and fun event our members look forward to every year and provides a non-competitive setting for peers to interact," said Scott Immell, CBSA president.

Attendees, including service centers, mills and platers, will discuss common issues, explore positive solutions and strengthen business relationships as well as hear from industry experts that include CBSA's Chief Economist, Alan Beaulieu, Government Affairs Council for the Copper and Brass Fabricators Council, John Arnett and *New York Times* Best Selling Author and Journalist, Dan Clark.

Registration will remain open through the event. Press and non-members are welcome to attend. For more information or to register, please visit [www.copper-brass.org/convention](http://www.copper-brass.org/convention).

#### **About CBSA**

The Copper and Brass Servicer Association is a community of copper and brass service centers, mill suppliers and metal strip platers working together to promote the use and growth of opportunities for copper and brass mill products. For more than 60 years, CBSA has been the only trade association committed solely to advancing the copper and copper alloy mill products distribution industry. CBSA members include the leading service centers, mills and platers in the copper and copper alloy industry. The CBSA mission statement: To enhance its members' role as an effective and profitable distribution link between suppliers and customers and to promote the use of and growth opportunities for copper and brass mill products. This is achieved by offering education and training, providing information and promoting constructive dialogue between service center members, the

mills and platers servicing our industry. Find out more about CBSA at [www.copper-brass.org](http://www.copper-brass.org).
