## **Mishiella Pinder Named 2022 CBSCA Scholarship Recipient**

OVERLAND PARK, Kans. – The Copper and Brass Supply Chain Association (CBSCA) has awarded Mishiella Pinder a 2022 CBSA Scholarship. Mishiella is the daughter of Martin Pinder, an employee of Cambridge-Lee Industries, LLC. She was selected to receive the CBSCA Scholarship based on her academic achievement, extracurricular activities and financial need.

Mishiella is entering her freshman year of college at the Reading Hospital School of Health in Sciences in Reading, PA. She is majoring in Radiology and plans to become an X-ray technician. She has attended the Berks Career and Technology Center for the past three years and hopes to graduate with her CNA license this year, giving her a jumpstart to her career as an X-ray technician.

“On behalf of the Copper and Brass Supply Chain Association member companies, I congratulate Mishiella Pinder on this achievement and wish her much success, academically and in all future endeavors,” said CBSCA President Dave Goad.

Funded by donations from CBSCA member companies, CBSCA awards multiple scholarships in various amounts to deserving young men and women each year. CBSCA member company employees, children of member company employees and students enrolled in an undergraduate degree program for industrial distribution are eligible to apply for the CBSCA scholarship.

### **About the CBSA Charitable Foundation**

The CBSCA Educational Foundation was established to develop and administer the annual scholarship program at the undergraduate level to promote studies in fields helpful to copper and brass and/or industrial distribution.

Through the CBSCA Educational Foundation, CBSCA offers annual scholarships to:

- Employees of CBSCA member companies
- Children of employees of CBSCA member companies
- Students enrolled in an undergraduate industrial distribution degree program

### **About CBSCA**

The Copper and Brass Supply Chain Association is comprised of Providers, the mills, distributors, fabricators and platers that produce red metals and the Affiliated companies that help the Providers serve their customers. This fledgling association is an evolution of the Copper and Brass Servicer

Association (CBSA). CBSCA will build on the rich legacy of CBSA and focus on the ways in which the red metals supply chain can be as efficient as possible by learning from and networking with the members.
