## **Reese Novess Named 2022 CBSCA Scholarship Recipient**

OVERLAND PARK, Kans. – The Copper and Brass Supply Chain Association (CBSCA) has awarded Reese Novess a 2022 CBSCA Scholarship. Reese is the daughter of James Novess, an employee of Alro Steel. She was selected to receive the CBSCA Scholarship based on her academic achievement, extracurricular activities and financial need.

Reese is entering her junior year of college at the American University of Rome, Rome, Italy. She is majoring in International Relations and Global Politics and plans to pursue a career as a Foreign Service Officer. She is the founder of her college's Connections Club, an International Relations Student Assistant, and co-president of the International Relations Club,

"On behalf of the Copper and Brass Supply Chain Association member companies, I congratulate Reese Novess on this achievement and wish her much success, academically and in all future endeavors," said CBSCA President Dave Goad.

Funded by donations from CBSCA member companies, CBSCA awards multiple scholarships in various amounts to deserving young men and women each year. CBSCA member company employees, children of member company employees and students enrolled in an undergraduate degree program for industrial distribution are eligible to apply for the CBSCA scholarship.

### **About the CBSCA Charitable Foundation**

The CBSCA Educational Foundation was established to develop and administer the annual scholarship program at the undergraduate level to promote studies in fields helpful to copper and brass and/or industrial distribution.

Through the CBSCA Educational Foundation, CBSCA offers annual scholarships to:

- Employees of CBSCA member companies
- Children of employees of CBSCA member companies
- Students enrolled in an undergraduate industrial distribution degree program

### **About CBSCA**

The Copper and Brass Supply Chain Association is comprised of Providers, the mills, distributors, fabricators and platers that produce red metals and the Affiliated companies that help the Providers serve their customers. This fledgling association is an evolution of the Copper and Brass Servicenter

Association (CBSA). CBSCA will build on the rich legacy of CBSA and focus on the ways in which the red metals supply chain can be as efficient as possible by learning from and networking with the members.
